

Arch 140: Energy & Environment Questionnaire for Prospective GSIs

Name:

Phone:

E-mail:

How often do you check it?

Arch. degree program:

Ph.D.

M.S.

M.Arch.

(Option 1

Option 2

Option 3)

Expected graduation date:

Times available for interview:

Mon:

(You will be contacted to confirm

Tues:

availability on a given date)

Wed:

Thurs:

MASTERY OF SUBJECT MATTER (attach additional pages, if necessary)

Experience with Arch 140 or equivalent survey course:

(if Arch 140, state year, instructors, and grade received; otherwise, describe content and type of exercises of equivalent class taken elsewhere, and grade received; you might want to refer to Arch 140 syllabus to compare what subjects you have, or have not, taken.)

What other energy-related courses have you taken? *(please describe)*

Do you have any other experience with energy & environmental issues?

(work experience, self-taught, etc.)

TEACHING EXPERIENCE

Describe your previous teaching experience and responsibilities as a GSI in Arch 140 or other UC Berkeley classes, or other teaching experience outside of UC Berkeley:

MISCELLANEOUS

What do you think are your greatest strengths in regard to your knowledge and experience with building science issues?

What do you think are your greatest strengths in regard to teaching and presentation skills?

Why are you interested in being a GSI for Arch 140?

What is your class schedule this semester? (This will help in planning the time for the Arch 298: Teaching Methods seminar, if you are selected for a position.)
