

## City & Regional Planning Minor Intent

(Open to all UCB students except Urban Studies majors)

THIS FORM IS A DECLARATION OF INTENT TO PURSUE A MINOR, NOT AN APPLICATION TO THE MINOR PROGRAM. THERE IS NO APPLICATION PROCESS.

Please discuss the minor curriculum with the **Staff Advisor** and obtain approval and signature. Advisor's signature does not guarantee acceptance into any of the required courses.

Upon completion of all of the required coursework and before you graduate, you must file a CED Minor Completion Form. The Minor Completion Form must be filed in the semester in which you complete the minor requirements. The Office of Undergraduate Advising will then certify completion of the minor to the Registrar and it will be noted in the Memorandum section of your Berkeley Transcript (not on your diploma).

**NOTE:** If your major is outside of CED and you would like to use a particular course to fulfill both a major and a minor requirement, **CONSULT YOUR COLLEGE ADVISOR.**

The Department of City and Regional Planning offers a minor in City and Regional Planning. Each year about 80 students in colleges ranging from Environmental Design, Letters & Science, and Natural Resources complete the minor. The City Planning minor provides students with knowledge on how cities function, how urban processes might be researched, and how urban environments can be transformed through planning, policy, design, and social action.

A minor cannot convey the full scope of City Planning. Instead, various combinations of courses can, we feel, provide a particular slant or emphasis on planning issues or processes.

Students interested in completing a Minor in City and Regional Planning must file a "Declaration of Intent to Minor" form with the staff advisor. At the completion of coursework, a "Verification of Minor Completion" form must be filed with the College. Forms are available at the departmental office 250Wurster or online <http://www.ced.berkeley.edu/advising/forms>. FAILURE TO FILE THE FORMS **PRIOR** TO GRADUATION WILL JEOPARDIZE THE RECEIPT OF THE MINOR.

#### Prerequisites

Students are required to complete **two prerequisites** from the following list of courses. The **two** courses must be from a different subject area (Economics, Statistics or Environmental Design). Prerequisites may be taken on a pass/ not pass basis. If economics is taken at another college (and transferred in), it should be either microeconomics or micro and macro together.

Students must meet the prerequisites for courses with an asterisk \*. Please consult with the department and instructor in question.

#### Economics

ECON 1	Introduction to Economics (4), or ECON 2 Introduction to Economics (4)
ENVECON 1	Introduction to Environmental Economics and Policy (cross-listed with ECON C3) (4)*
CY PLAN 113A	Economic Analysis for Planning (3) (If taken to satisfy the economics prerequisite, the course cannot be applied towards List 1)

#### Statistics
